- ▶ The DCU 100 is ideally suited for professional workshop environments, getting you ready for the challenges of tomorrow

Diagnostic Solutions DCU 100

EXPERIENCE THE TIME SAVINGS READY TO USE IN ONLY 25 SECONDS

No valuable working time is lost with the new DCU 100. With state-of-the-art technology such as 256 GB SSD memory and the latest Windows 10 operating system, the DCU 100 sets high standards. It takes only 25 seconds from turning on the device to starting up the Windows user interface.

A MULTIFUNCTIONAL DEVICE

By using the current Windows 10 operating system, the DCU 100 offers a broad range of applications, making it a reliable tool not just for diagnostics work. You can use the DCU 100 like any other tablet and install other programs that are required at your workshop. This, together with its sturdy design, makes the device a particularly worthwhile investment, guaranteeing continued success of your workshop.
